CITY OF OPELOUSAS, LOUISIANA

MORGAN GOUDEAU & ASSOCIATES

consulting engineers and land surveyors
 1703 West Landry St. — Opelousas, Louisiana 70570

date 09-29-11
 scale 1" = 2000'
 drawn D.L.S.
 project B#103

Typical Section - Concrete Lined Channel

N.T.S.

Notes:

1. Concrete lining to be done along Bayou Yarrow.
2. Estimated volume of concrete is 102 Cubic Yards.
3. Disturbed areas adjacent to work will be shaped and vegetated.
4. Cuts and fills will be minimized by fitting lining to existing section to extent possible.
