DATE:	02/24/2012		
JOB NUMBER:	2011.0200		

NOTES

As-built drawings will be submitted within 30 days of completion of this project to the Louisiana Department of Natural Resources, Office of Conservation, Pipeline Division, P. O. Box 94275 Baton Rouge, LA 70804, and to the Louisiana Department of Natural Resources, Coastal Management Division, P. O. Box 44487, Baton Rouge, LA 70804-4487.

All structures, facilities, well and pipelines/flowlines occurring in open water areas or in oilfield canals or slips shall be removed within 120 days of abandonment or the facilities for the herein permitted use unless prior written approval to leave such structures in place is received from the Coastal Management Division. This condition does not preclude the necessity for revising the current permit or obtaining a separate Coastal Use Permit, should one be required.

In order to ensure the safety of all parties, the permittee shall contact the Louisiana One Call System (1-800-272-3020) a minimum of 48 hours prior to the commencement of any excavation (digging, dredging, jetting, etc.) or demolition activity.

Applicant is subject to all applicable state laws related to damages which are demonstrated to have been caused by this proposed action.

Applicant shall use any dredged material beneficially to create/restore emergent wetlands or place the material in open water in such a manner not to decrease the water depth greater than six inches.

No trees will be impacted by proposed dredging activities on undeveloped wetland areas. Dredging will not occur within 15' of existing established trees.

All excavations will be done from non-wetland areas.

TOTAL IMPACTS

EXCAVATIONS

OTHER WATERS: 0 CU. YDS.
0.00 ACS.

WETLANDS: 109,469 CU. YDS.
10.97 ACS.

UPLANDS: 2,624 CU. YDS.
0.96 ACS.
