SPECIAL PUBLIC NOTICE

TIME EXTENSION & MODIFICATION OF THE NOD-22
GENERAL PERMIT FOR ACTIVITIES WITHIN THE COINCIDENTAL BOUNDARIES OF THE
LOUISIANA COASTAL ZONE AND THE NEW ORLEANS DISTRICT

Interested parties are hereby notified that the general permit, originally issued by this district on September 26, 1983, has been modified and extended for 5 years until September 28, 2016. A copy of the general permit is enclosed.

In response to the public notice dated July 19, 2010, advertising the proposed time extension, the Louisiana Department of Wildlife and Fisheries requested to be included in the notification and 5-day agency comment period for each NOD-22 permit application received. This request was granted and the permit has been modified accordingly.

All available information was considered in determining that the overall public interest would best be served by extending this general permit with the modifications described above.

Additional comments or suggestions for further modification of this general permit are solicited. Persons who become aware of problems or adverse impacts are requested to notify the Regulatory Branch of this district at the above address. This general permit will be suspended, revoked, or modified if it is shown to be in the public interest to do so.

A handwritten signature in cursive script, reading "Pete J. Serio", is positioned above the printed name.

Pete J. Serio
Chief, Regulatory Branch
