## Alternative 1-Dredge Material Disposal Site Plan

Drawing NTS

Note:  
The stockpile area will be located at a minimum of 50 feet from the bank of the waterway. The material will be stockpiled in accordance to a Stormwater Policy or Prevention Plan (SWPPP) which will require silt fences and/or other erosion control measures to prevent material from entering the waterway.

## Alternative 2-Dredge Material Disposal Site Plan

Drawing NTS

### Note:

The stockpile area will be located at a minimum of 100 feet from the axis of the waterway. The material will be stockpiled in accordance with the Maryland Pollution Prevention Plan (MPPPP) which will require pit fence and/or other erosion control measures to prevent material from being washed into the waterway.
