Interested parties are hereby notified that the Office of Coastal Management of the Department of Natural Resources has received the following application for a Coastal Use Permit (CUP) in accordance with the State and Local Coastal Resources Management Act of 1978, as amended, (Louisiana R.S. 49, Sections 214.21-214.41), and the rules and regulations of the Coastal Resources Program. Via this notice, the public is invited to provide comment on the following application.

Additionally, interested parties are hereby notified that applications have been received by the District Engineer for a Department of the Army permit to authorize the following pursuant to: [X] Section 404 of the Clean Water Act (86 Stat. 816; 33 USC 1344) and/or [X] Section 10 of the River and Harbor Act of 1899 (33 USC 403).

Application has also been made to the Louisiana Department of Environmental Quality, Office of Environmental Services for a Water Quality Certification in accordance with statutory authority contained in the Louisiana Revised Statutes of 1950, Title 30, Chapter 11, Part IV, Section 2074 A93) and Provisions of Section 401 of the Clean Water Act (P.O. 95-217).

The official date of the beginning of the public comment period for Coastal Use Permit and Water Quality Certification applications begins on the date of publication of the notice in the official state journal (The Advocate), in accordance with the Rules and Procedures for Coastal Use Permits, §723.C.5.c. The Office of Coastal Management will inform interested parties of the exact date of publication on request.

*Habitat impacts are based on available in-house data and may not represent actual conditions. Field reconnaissance may be required verify extent of impacts.

Approximately NO acres of Essential Fish Habitat (EFH) utilized by various life stages of red drum and panaeid shrimp would be altered or destroyed by this project. This information is provided to initiate federal consultation requirements pertaining to EFH under the Magnuson-Stevens Fishery Conservation and Management Act.

NAME: **TEXAS PETROLEUM INVESTMENT COMPANY**

c/o T. BAKER SMITH, INC.
107 GLOBAL CIRCLE, SUITE 100
LAFAYETTE, LA 70503
Attn: Rhett Francois

LOCATION: **Vermilion Parish, LA;** Approximately 13.5 miles Northwest of Forked Island, LA; South Florence Field. Section 1; T14-R02W; Section 25; T13S-R02W. Levee Maintenance A: Lat. 29° 50' 58"N, Long. 92° 31' 39"W; B: Lat. 29° 51' 13"N, Long. 92° 31' 14"W; C: Lat. 29° 52' 35"N, Long. 92° 31' 29"W.

DESCRIPTION: Proposed dredging and levee maintenance. The existing material will be utilized from open water bottoms to increase the height of the levee system. The dredged material will be placed on existing spoil in order to maintain original levee elevation. This project is being proposed at the request of the Louisiana Department of Wildlife and Fisheries as part of an on going maintenance of the White Lake Wetlands Reserve Area. Approximately 29,715 cubic yards of dredged material will be used to provide adequate levee elevation. *Approximately 3.9 acres of existing spoil bank will be affected by spoil placement, 4 acres of dredged material will be displaced to provide adequate levee elevation and 0.17 acres of waterbottom will be dredged for adequate elevation and plug.

Comments are used in the preparation of an Environmental Assessment and/or an Environmental Impact Statement pursuant to the National Environmental Policy Act. Comments are also used to determine the need for a public hearing and to determine the overall public interest of the proposed activity.

No properties listed on the National Register of Historic Places are near the proposed work. The possibility exists that the proposed work may damage or destroy presently unknown archeological, scientific, prehistorical, historical sites, or data. Copies of this notice are being sent to the State Archeologist and the State Historic Preservation Officer.

Our initial finding is that the proposed work would neither affect any species listed as endangered by the U.S. Departments of Interior or Commerce, nor affect any habitat designated as critical to the survival and recovery of any endangered species.

This notice initiates the Essential Fish Habitat (EFH) consultation requirements of the Magnuson-Stevens Fishery Conservation and Management Act. The applicant's proposal would result in the destruction or alteration of 0.0 acre(s) of EFH utilized by various life stages of red drum and penaeid shrimp. Our initial determination is that the proposed action would not have a substantial adverse impact on EFH or federally managed fisheries in the Gulf of Mexico. Our final determination relative to project impacts and the need for mitigation measures is subject to review by and coordination with the National Marine Fisheries Service.

If the proposed work involves deposits of dredged or fill material into navigable waters, the evaluation of the probable impacts will include the application of guidelines established by the Administrator of the Environmental Protection Agency. Also, a certification that the proposed activity will not violate applicable water quality standards will be required from the Department of Environmental Quality, Office of Environmental Services before a permit is issued.

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for public hearings shall state, with particularity, the reasons for holding a public hearing.

You are requested to communicate the information contained in this notice to any other parties whom you deem likely to have interest in the matter.

Ronnie W. Duke
Chief, Western Evaluation Section
